INTRODUCING

Introducing the industry's strongest Service Parts program…with the best selection of OEM, quality generic and bulk packaged product.

BrassCraft Manufacturing Company is North America's leading producer of plumbing products. With over fifty years of plumbing product innovations – beginning with the now industry standard flexible water supply and one-piece stop – BrassCraft has continued to offer quality products that make plumbing tasks easier for contractors and consumers.

BrassCraft's Service Parts Program provides the high quality professional plumbers demand and the superior point-of-purchase material you expect. The program includes only the most requested and fastest-selling parts. All backed by the BrassCraft name, trusted for over 50 years as the source for high-quality, professional plumbing products.

Stems - *Contains brass compression, washerless and ceramic stems. Stems are first organized by manufacturer. Each stem lists the part number, OEM reference number and page number where more detailed information can be found. In addition, the stems are organized by length, broach, and manufacturer.*

- Stem graphics are actual size for easy comparison. Matching handles and component parts are listed to encourage upselling and additional, incremental sales.

Handles - *Grouped by manufacturer and use. Hot, cold and diverter buttons where necessary, come standard with most handles. This reduces the number of SKU's by approximately two-thirds.*

- Handle broach is listed with each handle, for improved matching of stems and handles.

Single Lever - *A complete selection of repair parts for American Standard, Delta, Kohler, Mixet, Moen, Nibco, Price Pfister, Sterling, Symmons, Valley and more.*

Faucet Repair - *Features a complete assortment of aerators, adaptors, snap couplings, pull-out spouts, pop-up stoppers, sink clips and hose fittings for most repairs.*

- Complete kits for kitchen, lavatory, sink and tub are available.

Components - *Seats, washers, o-rings, bath diverter washers, cap thread gaskets, handle and bibb screws; everything necessary to repair stems and handles.*

Faucet Rebuild Kits - *Everything needed to repair the most popular tub and lavatory faucets for American Standard, Central Brass, Delta, Eljer, Gerber, Kohler, Mixet, Moen, Price Pfister, Sterling, Streamway, Valley and more.*

Toilet Repair - *Contains a complete line of OEM repair parts from manufacturers like American Standard, Case/Briggs, Coast, Eljer, Kohler, Mansfield, Sloan, Universal Rundle and more. This section is listed in order of manufacturer and then repair function.*

Tub & Shower Repair - *Features OEM repair parts like escutcheons, shower components, shower heads, sleeves, drain components and tub spouts. Like toilet repair, this section is listed in order by manufacturer and repair function.*

BrassCraft®

Stems by Length

- Contains brass compression, washerless and ceramic stems
- Stems are organized in order by length, broach and manufacturer
- Finding your stem is made easy by the sequential numbering system
- Use the length gauge on the following page to measure where stem will be found in catalog
- Count the teeth on your spline (broach) and use the broach gauge to find broach size
- Stem photos are actual size and include the manufacturer's name, plus a complete breakdown of all the component parts with the related BrassCraft part numbers
- Stems are listed by Non-OEM and OEM part numbers including OEM contractor packs
- Both the bound catalog and lectern book use the same part numbers, lengths and broaches to make it easier to find your parts
- Matching handles are indicated to make repairs easier and increase upsell features of the program
- Bulk parts identified by a suffix “B” and OEM bagged parts can be ordered in any quantity
- Bulk versions contain the same amount of parts as the carded versions
- ☑ Identifies parts available in Faucet Rebuild Kits and Bulk Drawers

STEMS BY LENGTH

FINDING YOUR STEM

- Place stem on gauge at right with bottom flush to base of gauge.
- Locate your stem on the pages indicated next to the proper stem length section.
- Determine the broach pattern of your stem using the gauge found on the following page.
- Note the broach code and match it to the stems in your stem length section.
- Compare your stem to the pictures then verify that the broach codes match. Note your Part Number , then locate it in the display.

Stems - Carded Assortments

BrassCraft offers a variety of options in product assortments to meet both your own needs and that of your customers. Carded, bagged and bulk assortments are offered in either OEM or Non-OEM versions. In addition, the assortments are regionally specific. This reduces the number of slower moving parts and increases the number of parts that your customers are seeking, allowing for more turns per foot. Assortments include all of the necessary parts and merchandising material that will not only make your display look great, but also function well and sell more product. All of the assortments for the stem category are listed below. Consult the merchandising section of the catalog for a complete list of all the assortments by region.

Handles

- Handles are organized by manufacturer, type and broach
- Modernize your lavatory and bathroom fixtures using BrassCraft Handle Adaptors and Universal Fit-All handles
- Most tub handles come with hot, cold and diverter buttons. This cuts down on the number of SKU's needed. One handle replaces three
- Lavatory handles are sold as pairs
- Handles are listed by Non-OEM and OEM part numbers
- Handle broach is displayed with each handle to improve chances of matching handles to stems
- Bulk parts identified by a suffix “B” and OEM bagged parts can be ordered in any quantity
- The bulk versions contain the same amount of parts as the carded versions
- ☑ Identifies parts available in Faucet Rebuild Kits and Bulk Drawers

BrassCraft®

Handles - Carded Assortments

BrassCraft offers a variety of options in product assortments to meet both your own needs and that of your customers. Carded, bagged and bulk assortments are offered in either OEM or Non-OEM versions. In addition, the assortments are regionally specific. This reduces the number of slower moving parts and increases the number of parts that your customers are seeking, allowing for more turns per foot. Assortments include all of the necessary parts and merchandising material that will not only make your display look great, but also function well and sell more product. All of the assortments for the handle category are listed below. Consult the merchandising section of the catalog for a complete list of all the assortments by region.

BRASSCRAFT FIT-ALL HANDLES & HANDLE ADAPTORS

BrassCraft Fit-All Handles come with universal handle adaptors which make replacing your faucet handles quick and easy.
Broach-specific handle adaptors are also available separately (see pages C-148 to C-151) and are designed to fit the Fit-All Handles.

BRASSCRAFT DECORATOR FIT-ALL HANDLES & HANDLE ADAPTORS

BrassCraft Decorator Fit-All Handles come with a variety of universal handle adaptors, spacers and screws which make replacing your faucet handles quick and easy.

Broach-specific handle adaptors are also available separately (see pages C-148 to C-151) and are designed to fit the Fit-All Handles.

Contains the Most Popular Adapters

BrassCraft®

Single Lever

- BrassCraft has a complete selection of Single Lever repair parts for American Standard, Delta, Kohler, Mixet, Moen, Nibco, Powers, Price Pfister, Sterling, Symmons, Valley and more.
- Parts are organized by Balls, Cartridges and Repair Kits
- Most parts are sold as OEM, Non-OEM, bulk and OEM contractor packs (in some cases)
- Complete installation instructions are provided with each item in our carded program ensuring correct installation
- Bulk parts identified by a suffix “B” and OEM bagged parts can be ordered in any quantity
- Bulk versions contain the same amount of parts as the carded version
- ☑ Identifies parts available in Faucet Rebuild Kits and Bulk Drawers

BrassCraft®

Single Lever - Carded Assortments

BrassCraft offers a variety of options in product assortments to meet both your own needs and that of your customers. Carded, bagged and bulk assortments are offered in either OEM or Non-OEM versions. In addition, the assortments are regionally specific. This reduces the number of slower moving parts and increases the number of parts that your customers are seeking, allowing for more turns per foot. Assortments include all of the necessary parts and merchandising material that will not only make your display look great, but also function well and sell more product. All of the assortments for the Single Lever category are listed below. Consult the merchandising section of the catalog for a complete list of all the assortments by region.

BRASSCRAFT PART NUMBER	DESCRIPTION	WIDTH (FT.)	HEIGHT (FT.)
BCNATSL	NATIONAL CARDED NON-OEM SINGLE LEVER	1.5	5
BCDMWSL1D	MIDWEST CARDED OEM SINGLE LEVER	1	5
BCDNESL1D	NORTHEAST CARDED OEM SINGLE LEVER	1	5
BCDSESL1D	SOUTHEAST CARDED OEM SINGLE LEVER	1	5
BCDSWSL1D	SOUTHWEST CARDED OEM SINGLE LEVER	1	5
BCDWSL1D	WESTERN CARDED OEM SINGLE LEVER	1	5

How To Find Your Single Lever Replacement Parts

For a Single Lever faucet design, find the manufacturer of your faucet below. The Single Lever section is organized alphabetically by manufacturer. If your faucet is a private label (i.e. Sears), you can quickly cross-reference it to the corresponding original equipment manufacturer (OEM) using the chart below.

Private Label To Manufacturer Cross Reference*

Private Label	OEM	Private Label	OEM
Ace-Pre Oct. '85	Bradley	Master Plumber	Delta
Ace-Post Oct. '85	Valley	Michigan Brass	Valley
Aqualine	Valley	Milwaukee	Universal Rundle, Valley
Bedford Brass	Price Pfister		
Belvedere	Moen	Peerless	Delta
Cole	Bradley	J.C. Penney	Moen, Speakman
Crane	Moen	Powers	Bradley
Elkay	Delta, Valley	Rockwell	Sterling
Federal	Delta	Sears	American Standard, Delta, Valley
Federal Huber	Bradley		
Federal Stainless	Bradley, Delta	Stanadyne	Moen
Gerber	Moen	Town & Country	Union Brass
Grohe	Bradley	Unarco	Delta
Gryo	Moen	Universal Rundle	Bradley, Universal Rundle
Harmony	Bradley		
Hobart/Kitchenaid	Moen	U.S. Brass	Valley
Home Depot	Glacier Bay	Vance	Bradley
HWI/Do-It	Sterling	Wards	Delta, Moen
Kelwin	Nibco	Wicks	Delta
Kohler	Bradley	Wolverine	Moen
Lifetime	Nibco	Youngstown	American Standard

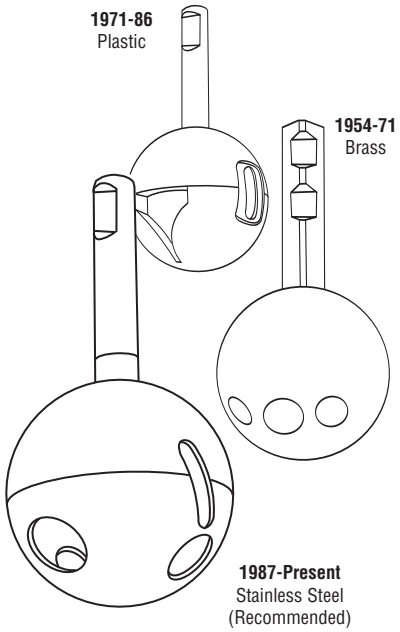
*This list is not meant to imply that all parts in this catalog are produced by the original equipment manufacturers (OEM).

Single Lever

Since Delta's single handle faucet inception in 1954, Delta has been an industry leader and on the cutting edge of faucet innovations and technology. Delta offers more than 4000 faucets in 53 countries. This is why professionals and consumers alike have chosen to use Delta for their plumbing applications.

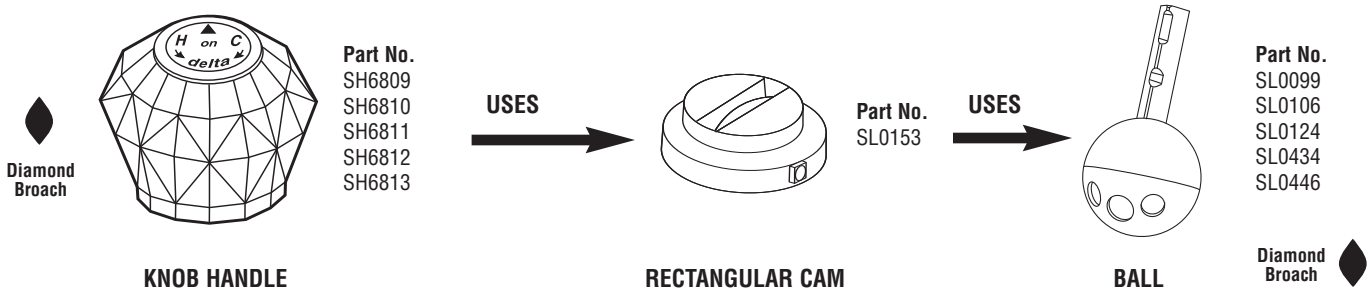
A Brief Chronology of the Delta Faucet

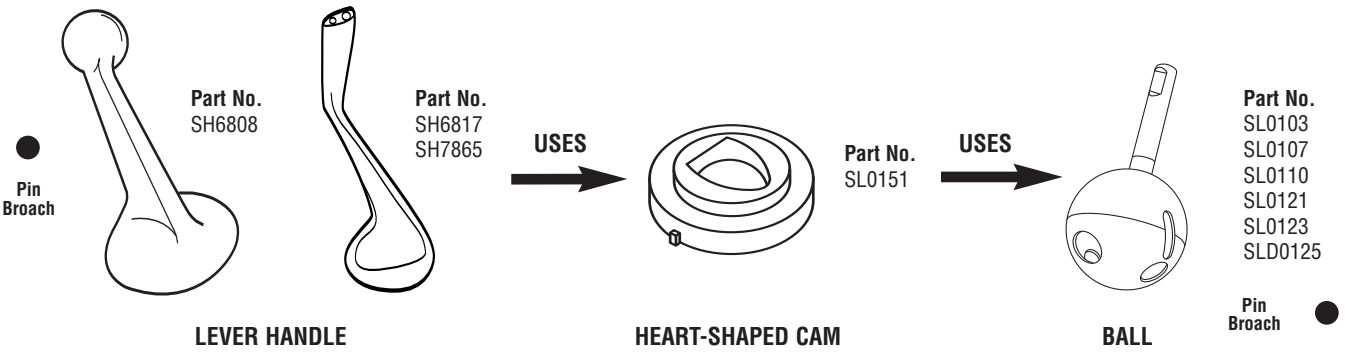
1971– First two-handle washerless faucet
1973– Pressure-balance Scald-Guard® valve
1978– Waterfall® kitchen faucets
1982– Powder Epoxy Overcoat for polished brass
1985– Gourmet Pull-Out Spray™ kitchen faucets
1988– NEO STYLE® line
1989– Monitor® 1500 pressure-balanced valves
1993– Monitor® 1300/1400 pressure-balanced valves
1994– Gourmet™ kitchen faucets
1995– Less Handle Program™ (LHP)
1995– Delta Select™ decorative lav products
1996– Innovations® and Brilliance®
1997– Single-handle Innovations®; Monitor® 1700 series and Monitor II™ two-handle pressure-balance valve



Reference Sheet for Delta

All other internal parts that are not shown are interchangeable on 100, 200, 300, 400, & 500 Series





BrassCraft®

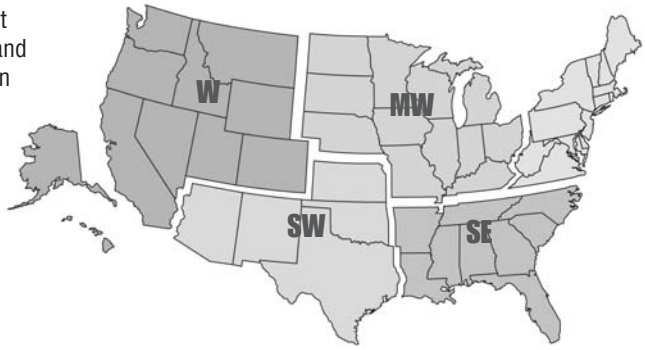
Faucet Repair

- Features a complete line of aerators, adaptors, snap couplings, pull-out spouts, pop-up stoppers, sink clips and hose fittings for most repairs
- Some aerators are packaged 6 per tube for contractor packs
- Features complete repair parts for the kitchen, lavatory, sink and tub faucets
- Parts are listed by Non-OEM and OEM part numbers
- Bulk parts identified by a suffix “B” and OEM bagged parts can be ordered in any quantity
- Bulk versions contain the same amount of parts as the carded version
- ☑ Identifies parts available in Bulk Drawers

BrassCraft®

Faucet Repair - Carded Assortments

BrassCraft offers a variety of options in product assortments to meet both your own needs and that of your customers. Carded, bagged and bulk assortments are offered in either OEM or Non-OEM versions. In addition, the assortments are regionally specific. This reduces the number of slower moving parts and increases the number of parts that your customers are seeking, allowing for more turns per foot. Assortments include all of the necessary parts and merchandising material that will not only make your display look great, but also function well and sell more product. All of the assortments for the Faucet Repair category are listed below. Consult the merchandising section of the catalog for a complete list of all the assortments by region.



BRASSCRAFT PART NUMBER	DESCRIPTION	WIDTH (FT.)	HEIGHT (FT.)

BrassCraft®

Components

- Seats, washers, o-rings, bath diverter washers, cap thread gaskets, handle and bibb screws - all the parts necessary to repair your stems and handles
- All the necessary applications are shown to make getting the right part easier and faster to find
- BrassCraft's component parts are put in several organized space saving kit boxes, parts cabinets and carded assortments that are easy to find and easy to use
- Most component parts are available in a barcoded bulk pack of ten to refill your part assortment cabinets and/or kit boxes

BrassCraft®

Components - Carded Assortments

BrassCraft offers a variety of options in product assortments to meet both your own needs and that of your customers. Carded, bagged and bulk assortments are offered in either OEM or Non-OEM versions. In addition, the assortments are regionally specific. This reduces the number of slower moving parts and increases the number of parts that your customers are seeking, allowing for more turns per foot. Assortments include all of the necessary parts and merchandising material that will not only make your display look great, but also function well and sell more product. All of the assortments for the Components category are listed below. Consult the merchandising section of the catalog for a complete list of all the assortments by region.

BrassCraft®

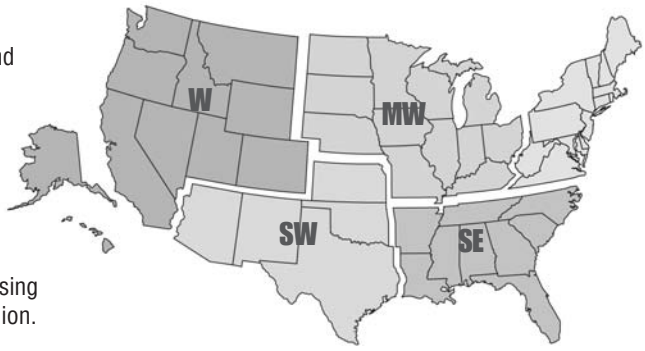
Faucet Rebuild Kits

- All the necessary parts to repair the most popular tub and lavatory faucets
- Repairs for American Standard, Central Brass, Delta, Eljer, Gerber, Kohler, Mixet, Moen, Price Pfister, Sterling, Streamway, Valley and more
- Kits are available in both Non-OEM and OEM versions where indicated
- Trim Kits include only the visible trim pieces, adding a fresh new look to an existing faucet
- Durable clamshell packaging designed for full part visibility
- Boxed kits are available for selected manufacturers
- Clamshell packaged kits provided with bilingual (English/Spanish) instructions complete with tool requirements
- Gives customers what they need without increasing SKU's and space

BrassCraft®

Faucet Rebuild Kits - Carded Assortments

BrassCraft offers a variety of options in product assortments to meet both your own needs and that of your customers. Carded, bagged and bulk assortments are offered in either OEM or Non-OEM versions. In addition, the assortments are regionally specific. This reduces the number of slower moving parts and increases the number of parts that your customers are seeking, allowing for more turns per foot. Assortments include all of the necessary parts and merchandising material that will not only make your display look great, but also function well and sell more product. All of the assortments for the Faucet Rebuild Kits category are listed below. Consult the merchandising section of the catalog for a complete list of all the assortments by region.



BRASSCRAFT PART NUMBER	DESCRIPTION	WIDTH (FT.)	HEIGHT (FT.)
BCMWPK2	MIDWEST CARDED NON-OEM FAUCET REBUILD KIT	2	5

Stems - Carded and Bagged Assortments

BrassCraft offers a variety of options in product assortments to meet both your own needs and that of your customers. Carded, bagged and bulk assortments are offered in either OEM or Non-OEM versions. In addition, the assortments are regionally specific. This reduces the number of slower moving parts and increases the number of parts that your customers are seeking, allowing for more turns per foot. Assortments include all of the necessary parts and merchandising material that will not only make your display look great, but also function well and sell more product. All of the assortments for the Stem category are listed below.

Handles - Carded and Bagged Assortments

BrassCraft offers a variety of options in product assortments to meet both your own needs and that of your customers. Carded, bagged and bulk assortments are offered in either OEM or Non-OEM versions. In addition, the assortments are regionally specific. This reduces the number of slower moving parts and increases the number of parts that your customers are seeking, allowing for more turns per foot. Assortments include all of the necessary parts and merchandising material that will not only make your display look great, but also function well and sell more product. All of the assortments for the Handle category are listed below.

	BRASSCRAFT PART NUMBER	DESCRIPTION	WIDTH (FT.)	HEIGHT (FT.)

BULK CABINET COMPETITOR CONVERSION LABELS

BC8260 Inside and outside bulk cabinet label kit

Now there is no need for your customers to order a new cabinet when switching to our Service Parts program. These labels may be used with existing cabinets since the arrangement of the part depictions on our label is similar to the arrangement utilized by Danco.

CAPS/LABELS

PEG HOOK CAPS

Color-coded caps highlight your display by vividly dividing your product into categories, making it easier for customers to find and select what parts they need. The caps easily slip over the end of the scanner hook locking securely into place, giving you a major sales advantage. Each product category utilizes a specific color cap. In addition, each package, regardless of whether it's a blister card, clamshell or bag, has a specific size cap that corresponds to its' width dimensions. These caps provide you with an organized, symmetrical and eye-catching display.

Part No.	Description
(Use 2" Caps for Product on 1-7/8" Cards)	
SP2CB	2" Peg Hook Cap (Black) for Faucet Repair (SF)
SP2CG	2" Peg Hook Cap (Green) for Single Lever (SL)
SP2CGY	2" Peg Hook Cap (Gray) for OEM
SP2CO	2" Peg Hook Cap (Orange) for Components (SC)
SP2CR	2" Peg Hook Cap (Red) for Handles/Escutcheons (SH)
SP2CT	2" Peg Hook Cap (Teal) for Stems (ST)
(Use 3" Caps for Product on 2-7/8" Cards)	
SP3CB	3" Peg Hook Cap (Black) for Faucet Repair (SF)
SP3CG	3" Peg Hook Cap (Green) for Single Lever (SL)
SP3CGY	3" Peg Hook Cap (Gray) for OEM
SP3CO	3" Peg Hook Cap (Orange) for Components (SC)
SP3CR	3" Peg Hook Cap (Red) for Handles/Escutcheons (SH)
(Use 4" Caps for Product on 3-7/8" or larger Cards)	
SP4CP	4" Peg Hook Cap (Purple) For Faucet Rebuild Kits (SK) Only

***Peg hooks and labels not included with caps.**

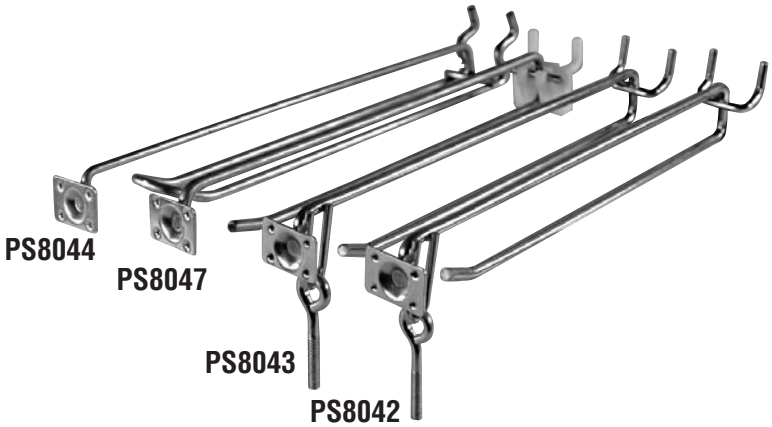
HOOKS/DANGLERS/SIGNAGE

PEG HOOKS

Part No.	Description
PS8042	8" Scanning Hook with 8-32 Eyebolt (For Dangler Replacements)
PS8043	8" Scanning Hook with 10-24 Eyebolt (For Dangler Replacements)
PS8044	8" Scanning Loop Hook (For Faucet Rebuild Kits & Contractor Packs)
PS8047	8" 2-Piece Single Prong Scanning Hook (For All Other Products)

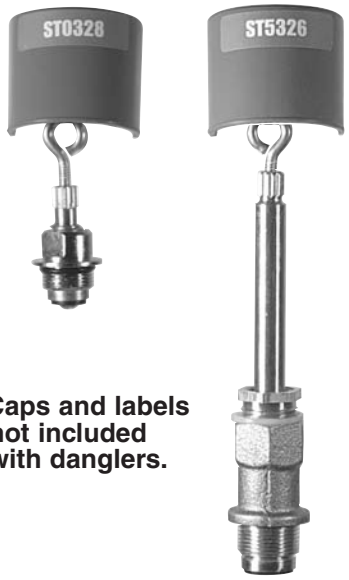


DANGLERS

DSTXXXXL example: DST0225L - order Danglers for all stems

Ordering of Danglers for Stems:
Danglers give your customer an up-close-and-personal view of all the stems in your display. Just simply thread the stem onto the dangler hook and you not only have a genuine sample of the stem, you also have another powerful self-sell tool. The danglers eliminate the guesswork and save your customer valuable time when locating and buying a stem. It is just another way that the display acts as a salesperson. To order danglers you need to give us the "DST" prefix, followed by the stem number, followed by the letter "L."

Example: If you need a dangler for (stem) ST5326, you would order it like this: DST5326L. You would then receive a ST5326 stem attached to a peghook.



***Caps and labels not included with danglers.**

HOOKS/SIGNAGE

Part No.	Description
PS8051	12" 2-piece Peg Hooks - 10 Hooks
PS8052	12" x 1-1/4" Plastic Track - 5 Tracks
